Daily care centre „Steps of hope” Tuzla

Centre for children with multiple disabilities

KORACI NADE

Centar za djecu sa višestrukim smetnjama

The Centre "Steps of Hope" has initiated its activities in 1994 and acts as the citizens association, partly financially supported by Tuzla Canton Ministry of labour and social welfare, while remaining funds are being raised through various projects and donations.

Vision - To ensure the Centre to be recognised as important institution for Governmental sector and thus secure permanent sustainability through systematic development of modern service models for children with disabilities.

Mission - Creation of prerequisites for proper education and inclusion of disabled children in social society through stimulation of remaining residuals-motional, perceptive-cognitive and the social-emotional capacities development.

Beneficiaries - Children and youth with different types of disabilities, age from 0 to 21, from the area of entire Tuzla Canton, with various impairments degrees and types and their families.

Daily care centre „Steps of hope” building constructed by donations of:

Support. Hope. Future.
