

## UDRUŽENJE ŽENA

UNHCR je u toku protekle dvije godine putem svojih partnera Hilfswerka Austria International (HWA) i Fondacije lokalne demokratije (FLD) pomogao grupu interno raseljenih žena povratnica. One su sudjelovale u radionicama za šivenje, vezenje, tkanje i izradu drugih rukotvorina, a dodijeljeni su im i motokultivatori, šivaće mašine, plastenici i kućni uređaji, kako bi se pomogla njihova buduća ekonomska samostalnost.

U protekle dvije godine, ove su žene postigle veliki napredak u proizvodnji tradicionalnih i savremenih bosanskih rukotvorina, u čemu su im pomogle novostečene vještine.

Na prodajnoj izložbi upriličenoj za Svjetski dan izbjeglica, ova grupa žena će izlagati svoje radove.

## WOMEN ASSOCIATION

The last two years has been UNHCR assisting a group of IDP/Returnee women through its implementing partners, Hilfswerk Austria International (HWA) and Foundation for Local Democracy (FLD).

The women have taken part in workshops including in sewing, knitting, weaving and other handicrafts and have been provided with motor cultivators, sewing machines, greenhouses and household appliances to promote their self-sustainability. In two years the women have made significant progress in enhancing their skills and self-empowerment to manufacture traditional and contemporary Bosnian handicrafts.

The women are exhibiting their work at the World Refugee Day Bazaar.
